Application Guidelines

This program is designed to promote the scientific development of students in the nutrition-health field. Students are eligible to receive one F21C travel award per academic/fiscal year. Undergraduates may receive up to \$500 and graduate students up to \$750 per year, though typical awards will range from \$350-500. Reimbursement rates from F21C travel awards are limited in the following way: Not to exceed \$100/night for lodging; not to exceed \$350 for round-trip airfare. Mentors are expected to sign this form to verify the information provided and that they support the student's attendance/participation at the scientific meeting.
